

Audiologist to work in Victoria, BC

Broadmead and Oak Bay Hearing Clinics are independently owned private practice audiology clinics in Victoria, BC operating since 2006. We provide diagnostic hearing assessments and hearing aids to the adult population. We are currently looking for a full time audiologist to join our team to work in both of our locations. The primary duties in this position are diagnostic audiology work and hearing instrument selection and fitting. We work with all hearing aid manufacturers and are not owned or affiliated with any. This provides our Audiologists with the freedom and professionalism to choose and fit whatever is in the best interest of the client.

Required Qualifications

- Masters or Doctorate degree in Audiology
- Eligible for BC Board Certification in Audiology
- Excellent communication skills and outgoing personality
- Ability to work as a Team Player

Preferred Experience

- 1 year recent experience in a clinic dispensing hearing aids.
- Knowledge of NOAH and manufacturer software
- New Graduates will be considered

We offer

- Competitive salary
- Excellent benefits package
- Continuing education opportunities
- State of the art equipment
- Amazing coworkers!
- Beautiful city to live in.
