

Harp Hearing Care is now accepting applications for a Hearing Aid Practitioner or Audiologist to operate our new clinic located in Calgary, AB.

This is a life-changing opportunity to grow your career through running your own clinic under the guidance and mentorship of an experienced Audiologist. The right candidate will thrive in their newfound leadership role and will take pride in providing the highest level of hearing care to each individual patient.

With an aging population, the hearing aid market in Calgary is booming, as is the city itself. Between artsy Kensington, trendy East Village and vibrant Mission, Calgary is redefining itself as a city that is not just great to work in, but to live in too. With world-class restaurants and bars, the largest urban park in Canada, and numerous major sports teams, Calgary has a palpable buzz further ignited by the abundant festivals and events that take place around the city. Just one hour west lies the magnificent Rocky Mountains where locals and visitors alike are spoiled with outdoor adventure activities.

If you're ready to take the plunge into a rewarding leadership role within a supportive team environment in the heart of Calgary, we want to hear from you!

Successful applicants will:

- Be registered with CHAPA or ACSLPA
- Have experience with hearing aids
- Have exceptional communication skills and be interested in community outreach
- Stay on the cutting edge of the field through ongoing professional training

Responsibilities include:

- Counseling clients and their families in regards to hearing loss and communication strategies
- Programming hearing aids and educating clients on their benefits and limitations
- Maintaining a strong client caseload in a busy clinic

We offer:

- Competitive salary
- Mentor program
- Independent yet supportive working environment
- Continuing education and training
- Professional marketing, accounting, and administrative support

Join our innovative team of hearing professionals! We provide diagnostic, rehabilitative and preventative services for clients throughout Calgary and surrounding areas. Our focus is on amplification, aural rehabilitation and superior patient care.

To apply, please forward your cover letter and resume via email or mail to:
