

Advanced Hearing Aid Clinic Inc. has been providing Audiology and hearing aid services to the public since 2002. We currently have 3 clinics and thousands of satisfied customers in the Ottawa area. This is largely in part to our professionalism and devotion to customer care. We are proud to have earned a reputation for the warm yet highly professional environment we maintain in our clinics.

We are currently seeking an audiologist to work at our Metcalfe Street location.

As part of our organization, you will have the opportunity to learn and use the latest industry techniques and technologies that are not often found at other audiology clinics, such as otoacoustic emissions, auditory brainstem response, and electrocochleography, to name a few. As a dispensing Audiologist in this successful private practice, you will have the satisfaction of maintaining patient relationships from the initial consultation to the successful resolution of their hearing challenges through counselling, advanced testing, dispensing of hearing aids and continued follow up care. You will also enjoy the rewarding feeling of watching the clinic grow under your stewardship. Maintaining the highest standards of professional competency while providing a level of patient care that is second to none is the very essence of our business philosophy.

#### Key Qualifications:

- Master's Degree in Audiology or Au.D. Degree
- Licensed (or eligible for licensing) by CASLPO as well as ADP

#### Key Competencies:

- Strong relationship building and counseling skills
- Adaptability to change
- Ability to work independently and as part of team
- Creative contributor to the team
- A high degree of organization
- Effective time management skills
- High attention to detail
- Persuasive negotiating skills
- Professional written & verbal communication
- Dynamic presentation skills

If you are looking for an exciting and challenging position with a great work environment, please send your CV to [drrt@rogers.com](mailto:drrt@rogers.com)
