

Audiologist

We currently have a temporary full time (approx. 1 year) opportunity for Audiologist position within Audiology Department at Sunnybrook Health Sciences Centre, Bayview campus. Reporting to the Patient Care Manager, as an audiologist your duties will include but are not limited to the following:

Routine diagnostic, hearing aid evaluations, aural rehabilitation, evoked potential audiometry and vestibular testing in primarily an adult population.

This position will include some involvement in teaching of otolaryngology residents and graduate audiology or speech pathology students.

Qualifications/Skills

- Master's Degree in Audiology and Registration with CASLPO required
- Minimum 3 years clinical audiology experience required
- Excellent organizational, interpersonal and communication skills essential
- Commitment to integrating person-centred care with interprofessional practice
- Proven ability to operate effectively as a team member with minimum direction
- Proven ability to multi-task in a fast paced, dynamic environment
- Individual must be detailed oriented and accurate in the performance of their work
- Knowledge of the Oscar documentation system
- Proficient with windows operating systems
- Interest and experience in practice based research preferred

At Sunnybrook, it's about more than delivering quality patient care, pioneering non-invasive medicine, or exceeding all expectations for customer service excellence. It's about having the opportunity to be more challenged, more engaged, more fulfilled as a professional and as an individual, recognized for your personal contributions to the future of Sunnybrook and of cutting-edge health care.

As one of Canada's premier academic health sciences centres, we impact the lives of one million patients every year who count on us when it matters most. And, as one of Canada's Top 100 Employers, we have a vibrant culture where all members of our team are encouraged to continue to learn and grow, to achieve more, to be more innovative and go the extra mile in their day-to-day encounters with patients, families and each other.
