

Hearing and Balance Centre Group

Hearing and Balance Centres group has a current opening for Part-time Vestibular audiologist in Greater Toronto area. (2-3 days a wk) This is a multidisciplinary clinic based on medical model. We provide full range of hearing and Balance services including Vestibular rehabilitation. The audiologist will have the chance to work with other vestibular audiologists, ENT specialists and physiotherapist to assess and manage the patients presenting with hearing and vestibular problem. The clinic will also have a full service hearing aid clinic. We are looking for a motivated, dedicated and eager to learn Audiologists to join our hearing healthcare team.

The successful applicants will possess:

- Minimum of a Master's Degree in Audiology
- Registered with CASLPO
- Previous experience with vestibular testing is an asset but the selected audiologist will be provided at least one month of paid training before start of work.
- Should have ADP authorizer status.
- Have experience with Hearing aid dispensing.
- Should be willing to learn.
- Excellent interpersonal skills and be able to work in multidisciplinary and fast paced environment.

Salary and benefits will be commensurate with experience but our salaries are competitive.
