

Advanced Hearing Solutions is looking for an enthusiastic part time audiologist to join our thriving practice. The ideal candidate will be motivated to provide the best possible care to our patients, with exceptional follow-up that ensures that hearing needs are met. Owners Georgia Pinkett and Carmen Belof and the entire team are dedicated to the local community with locations in Surrey and Langley. We want each person that enters our practice to experience excellent service combined with expertise that is based on the latest industry standards and technology. We are a team of experienced professionals dedicated to providing superior patient care in a positive work environment.

We are a locally owned and operated hearing healthcare practice. The area's size and family-friendly atmosphere make it an attractive place to call home. Our practice is surrounded by natural beauty, several national and provincial forests and a multitude of outdoor activities including skiing, hiking and mountain biking.

About the Position

The Audiologist is responsible for administering diagnostic audiological tests that allow the differentiation between types of hearing disorders. The provider will also administer hearing aid tests, selection and fitting to the patient population. In addition, the provider will program and fit hearing aids, manage growth of patient pipeline and participate in community outreach and education. As a team member, the provider will also provide ideas for improving/expanding patient care and practice development and growth.

Required Qualifications

- Audiologist preferred, will consider Hearing Instrument Practitioner
- Excellent interpersonal skills, to include listening, sales and problem solving
- Strong organizational skills
- The ability to prioritize and handle a high volume of patients
- The desire to work in a team environment
- A positive and professional attitude
- Strong compassion, care and respect for patients.

A role in our practice provides control over the patient experience, input into key business decisions and the pursuit of your personal, professional and financial goals through caring for your patients.

Advanced Hearing solutions offer a competitive salary and rewarding career.
