

Audiologists

St. Paul's Hospital, Vancouver, BC

Providence Health Care (PHC) is one of Canada's largest faith-based health care organizations, operating 17 health care sites in Greater Vancouver. Known for our Mission, Vision and Values and guided by the principle *How you want to be treated.*, PHC serves a diverse patient population focused on six "populations of emphasis": cardio-pulmonary risks and illnesses, HIV/AIDS, mental health, renal risks and illness, specialized needs in aging and urban health. <http://www.providencehealthcare.org/>

The Opportunities:

We currently have two Full Time positions open in Audiology at St. Paul's Hospital for an [Audiologist Vestibular Assessment](#) and [Cochlear Implant Audiologist](#). Both roles report to a Professional Practice Leader and will work as part of interdisciplinary teams in the areas of Vestibular Assessment and Management and Cochlear Implant Management at St. Paul's Hospital in the heart of Vancouver, B.C.

What you bring:

Master's Degree in Audiology from a recognized program.

Minimum of two (2) years recent and relevant Post Masters clinical experience specifically providing vestibular assessment, testing, and management services/cochlear implant audiology services including a minimum of one (1) year of extensive experience performing audiology services within an interdisciplinary team environment.

Current Registration as an Audiologist in the College of Speech and Hearing Health Professionals of BC.

Current and maintained Advanced Competency Certification in Vestibular Assessment and Management/Cochlear Implant Management from the College of Speech and Hearing Health Professionals of BC.
