

Audiologist, Vestibular Assessment St. Paul's Hospital, Vancouver, BC

Providence Health Care (PHC) is one of Canada's largest faith-based health care organizations, operating 17 health care sites in Greater Vancouver. Known for our Mission, Vision and Values and guided by the principle *How you want to be treated.*, PHC serves a diverse patient population focused on six "populations of emphasis": cardio-pulmonary risks and illnesses, HIV/AIDS, mental health, renal risks and illness, specialized needs in aging and urban health. <http://www.providencehealthcare.org/>

The Opportunity:

We currently have a Regular Full Time position open in Audiology at St. Paul's Hospital. This position reports to the Professional Practice Leader and receives Otolaryngologist-referred patients for assessment and treatment of hearing and balance disorders, and performs vestibular assessment, testing and management.

What you bring:

Master's Degree in Audiology from a recognized program. Minimum of two years recent and relevant Post Masters clinical experience specifically providing vestibular assessment, testing, and management services including a minimum of one year of extensive experience performing audiology services within an interdisciplinary team environment.

Current Registration as an Audiologist in the College of Speech and Hearing Health Professionals of BC.

Current and maintained Advanced Competency Certification in Vestibular Assessment and Management from the College of Speech and Hearing Health Professionals of BC.

How to Apply:

We invite you apply here: [AUDIOLOGIST VESTIBULAR ASSESSMENT](#)

Wage: \$33.61/hr-\$41.94/hr

Benefits:

Employees of Providence Health Care receive an excellent and comprehensive health [benefit package](#), as per their collective agreement or terms and conditions of employment.

Come **share** our passion for excellence and **thrive** in an environment where you are empowered to enrich the lives of others. Join us and experience how **you** want to be treated.
