

## **CLINICAL/DISPENSING AUDIOLOGIST**

### **Full Time Vacancy in Saint John, NB**

We are looking to add an Audiologist to our growing clinic. Argus Audiology (formerly Argus Hearing Center) is an independently owned, dispensing Audiology practice that currently has four locations; Moncton, Miramichi and two locations in Saint John. Locally owned and operated for 40 years, at Argus Audiology we provide exceptional hearing care services that meet the needs of our valued patients.

Hearing loss can often mean isolation, frustration and a loss of the little things in life. We know that it doesn't have to, and we work hard to provide holistic care – considering all aspects of our patients' hearing health and how a change in hearing may affect their overall well-being, social life, work and play.

At Argus Audiology, we put our patients first. We work with the patient, their family and their health care providers to determine the best course of action for their hearing concerns. We take the time to get to know our patients and we recognize that their hearing needs may change over time. We don't believe in a "one-size-fits-all" solution. We simply believe in quality, in every detail.

#### **REQUIREMENTS:**

Master's Degree in Audiology

Eligibility to be registered with New Brunswick's provincial association (NBASPLA)

Hearing aid dispensing experience and bilingualism are assets

#### **RESPONSIBILITIES:**

You will be responsible for providing a high standard of patient care. You must have a strong commitment to excellent customer service and be able to travel to our other locations when needed.

We offer a competitive salary and benefits package, as well as ongoing training and support.

To become part of our team, please apply by sending your resume to [info@argushearing.com](mailto:info@argushearing.com) or by calling Dr Heidi Eaton or Norma Eaton at (506) 857-3223
