

Ossicle Hearing Inc. is a full-service alternative model destination hearing and tinnitus treatment centre in Kelowna, BC. We offer an advanced testing, treatment and technology clinical experience as well as Roger Dynamic SoundField system distribution. One of our initiatives is currently a monthly, part-time and successful clinic in Fort McMurray which has been in operation since 2012.

We are looking for applications for Audiologists who are willing and able to see patients in Kelowna for cerumen management, diagnostics which include hearing in noise testing, full test batteries, evoked potentials and more, in an unbundled clinic model, prescribe and fit hearing aids to all patients regardless of third party using best practices, research and implement new clinic protocols and treatments for tinnitus, pediatrics, auditory processing, vestibular, aural rehab and auditory training to name a few. We are often used by ICBC and law firms to assess and recommend treatment for tinnitus, injury and concussion.

**If you want to do testing to sell hearing aids there are many opportunities out there just waiting for you! If you want to do more with your education, passion and vision, give us a call!**

The successful candidate is passionate about hearing care, industry trends and opportunities to grow outside the the box of traditional thinking and clinic organization. A self-directed, independent, efficient and accountable work-style is coupled with an intense love of the profession, and an understanding of the psychosocial aspects of hearing change, and good sense to implement best strategies to maximize the patient experience. You are familiar with all clinical testing protocols, will be responsible for full provincial certification, and is motivated to prescribe and fit hearing aids as well as introduce other treatments as directed by and in collaboration with clinical leadership. The population includes mostly adults as well as some geriatric and paediatric patients. The successful candidate is self-motivated and independent with the ability to network with physicians and services in the community and do some local out-reach to promote the clinic. Compensation to be discussed with successful applicants, please submit your salary expectations with a cover letter, CV and transcripts with a minimum of two industry-related references to apply. Send forms to [info@ossiclehearing.com](mailto:info@ossiclehearing.com).
