

Come join our dynamic team of clinicians and researchers and work in Beautiful British Columbia!

The Western Institute for the Deaf and Hard of Hearing (WIDHH) is a unique, registered charitable organization for Deaf and Hard of Hearing citizens. Established in 1956, our Agency provides services in Audiology, Employment Counselling, Seniors Outreach, Sign Language Interpreting and Communication Devices.

The **Audiology Department** recently established an innovative research program that promotes collaborative research projects between clinicians, university professors and other health professionals. This program is in partnership with WorksafeBC and the UBC School of Audiology and Speech Sciences, Faculty of Medicine.

Our WIDHH Vancouver Head Office location (2125 West 7th Avenue, Vancouver) is seeking a personable, team-oriented individual to join our research team:

Clinical Research Associate
Part-time. 2 year term
May 2018 - May 2019 (17 hrs/week)
