Audiologist Vernon, British Columbia

An opportunity exists for a Pediatric Audiologist in a Community Healthcare setting in Vernon, BC. We are seeking an Audiologist who wishes to work at the leading edge of healthcare primarily with a pediatric population from birth to 19 years of age!

This is a fantastic opportunity to work in a diverse portfolio with opportunities to hone your skills working with a pediatric population as part of the BC Early Hearing Program, working in a supervisory role and liaising with other healthcare professionals both within and outside the organization. This position provides a high degree of independence with opportunities to provide feedback on program development.

This position practices in accordance with the standards of professional practice and code of ethics as outlined by the College of Speech and Hearing Health Professionals of BC (CSHHPBC). As the successful candidate, you will provide clinical audiology services including screening, assessment, diagnosis, treatment and consultation for clients; supervise Audiometric Technicians; and provide consultative and educational services to other professionals and the community.

We offer opportunities for growth and development, excellent benefits and a balanced lifestyle that allows you to maintain the quality of life you desire. At Interior Health, Every Person Matters.

Qualifications:

- Graduation from a recognized Audiology program.
- One (1) years' recent, related clinical experience or an equivalent combination of education, training and experience.
- Current active registration with the College of Speech and Hearing Health Professionals of BC as both an Audiologist and a Hearing Instrument Practitioner.
- Eligible for membership with Speech-Language and Audiology Canada (SAC) and/or BC Association of Speech-Language Pathologists and Audiologists (BCSLPA).
- Current valid BC Driver's License.
