

Have you ever dreamed of living and working in Australia? A fantastic opportunity has arisen to join Australia's leading hearing services provider!

National Hearing Care is part of the Amplifon group. Amplifon is a world leader in hearing services and operates in 22 countries all over the world. In Australia, National Hearing Care has a network which consists of over 300 clinics across metropolitan and regional locations and we continue to expand!

We are seeking talented Audiologists from Canada to become part of our team. We offer employee sponsored Visa's to ensure your move to Australia is as seamless as possible. Our vibrant and friendly work culture sets us apart, so join us and explore a challenging and a fulfilling career in audiology.

We offer:

- Visa sponsorship with a dedicated migration agent who will help you every step of the way!
- An Australian business with a large network of clinics all over Australia backed by the Amplifon group, the world's largest private provider of audiology services
- Many device options, we are not owned by a manufacturer, so there's something to suit every client's hearing needs
- Continual training and development of your clinical capabilities
- Fun annual team conferences and regular team gatherings
- Career development opportunities

Requirements:

- Must have completed a Master's Degree in Audiology
- Must have a minimum of 2 years' experience working in adult rehabilitation and hearing aids
