

BLISS a division of hearingaidrental.ca Ltd. has been providing an all-in-one peace of mind solution for those affected with hearing loss for the past 5 years in clinics across Canada and is the country's leading subscription-based hearing healthcare company. With so many still in need of affordable and alternative hearing solutions we are now expanding our business model into our own Bliss Hearing Clinics and will open our first 2 clinics in Burlington, Ontario and Vancouver, British Columbia.

If we are going to achieve our purpose in restoring the hope, health and happiness of our patients and their families then we will need highly qualified hearing professionals that share our values and guiding principles.

That said, BLISS is currently seeking a dynamic, energetic, and compassionate individual to join our team as an Audiologist, Hearing Instrument Specialist or Hearing Instrument Practitioner (Hearing Professional) for both our Ontario and BC location.

**Job Description:**

The Hearing Professional will be responsible for assessing, diagnosing and administering diagnostic audiological tests to patients from all walks of life. At BLISS we believe in educating and empowering patients and are dedicated to providing a wide range of treatment options to fit their needs and lifestyle.

The Hearing Professional will also administer, fit and program hearing aids, to their patients. This individual must be positive, compassionate and have a professional attitude. The ideal team member will work well independently and as a member of the hearing health team.

**Experience/Skill:**

- Master's degree in audiology or certification as a hearing health professional
- Experience working directly with patients in a clinical setting
- Dedication to patient education and compassion
- Ability to work with new and emerging technologies
- Strong ability to build relationships with a high level of counselling skills

This position will offer you a gratifying work environment and a competitive compensation package which includes total professional fees and licensing coverage.
