

Clinical and Dispensing Audiologist

NewLife Hearing has expanded! We are currently looking for a full time Audiologist for our Carbonear, NL location.

NewLife Hearing Health Centre is an independent, audiology driven, patient focused hearing health care provider that first opened in historic St. John's, NL in 2012. At NewLife Hearing our values reflect a commitment to long term patient care and support, coupled with a compassionate approach and a customized hearing solution plan. We believe that by using audiology-based protocols, state of the art equipment, and thorough patient assessments with appropriate counseling, we can help those with hearing loss reach their full potential-maybe you can help! NewLife Hearing is excited to announce it is looking for a like-minded Audiologist to join our team.

Our commitment to our staff:

- Competitive salary package
- Health and medical benefit program
- Flexible working environment which encourages active learning

The successful candidate should have:

- A master's degree or equivalent in Audiology
- Eligible for registration with NLCHP (www.nlchp.ca)
- Implantable hearing device experience an asset (Bone Bridge/BAHA/Ponto, VSB and CI).
- Dispensing experience an asset.

The successful candidate will apply evidence based practices for both their assessments and rehabilitative recommendations and have strong interpersonal skills, be enthusiastic, motivated and willing to learn. As a team member at NewLife Hearing, dedicated professionals can enjoy working independently as well as part of a growing team; where their professional input can be heard!

Top performers only apply! We look forward to hearing from you; please email your resume to Jillian Ryan in PDF form at jillian@newlifehearing.ca.

NewLife Hearing Health Centre.... Where your journey to better hearing begins!
