

East Coast Hearing – Audiologist

Position:

East Coast Hearing is a growing, independently-owned hearing clinic in Nova Scotia. ECH offers exceptional patient-focused hearing healthcare. Customer service and patient experience are equally important priorities for the ECH team. East Coast Hearing deals with most hearing aid brands, enabling healthcare professionals to decide with the patient what is best for them. East Coast Hearing is currently seeking a Clinical and Dispensing Audiologist (Full-time, Permanent) to join our team in Dartmouth, Nova Scotia. The successful candidate will be expected to provide diagnostic testing in a modern medical setting for both otolaryngology and physiotherapy. Individuals will also be responsible for performing hearing aid evaluations as well as fittings, verification, and validation.

Responsibilities:

- Clinical Hearing Evaluations
- Cerumen Management
- Hearing Aid Evaluations/Fittings
- Community Outreach
- Promoting the clinic to physician's offices

Qualifications:

- Master of Science in Audiology
- SAC Certified
- Committed to delivering the best professional care
- Excellent communication and interpersonal skills
- Demonstrate professionalism, integrity, and respect for others
- Attention to detail, organizational, and problem-solving skills

East Coast Hearing offers an attractive salary, including benefits, coverage of professional fees & licensing.
