

## HEARING HEALTH SERVICES Audiologists / Hearing Instrument Practitioners

Island Deaf and Hard of Hearing Centre (IDHHC), serving the geographic region of Vancouver Island and the Gulf Islands, is expanding our Hearing Health Services team by adding **two Audiologists / Hearing Instrument Practitioners** to the team based in our Victoria and Nanaimo locations.

### About Us:

IDHHC is the only non-profit specialized social service agency on Vancouver Island serving the needs of Deaf and hard of hearing communities with unique initiatives and accessible specialized services. With a team of devoted professionals we provide leading care for individuals with hearing loss regardless of financial circumstance. Our services include the provision of hearing aids (new and refurbished), technical aids, speechreading and communication supports; employment supports, education, assessments and training; ASL interpreting and captioning; and family and community supports for infants to seniors.

### About You:

You are looking for a successful and rewarding career and are a passionate hearing health practitioner with a desire to practice outstanding client centered care to make a difference in the lives of those you serve. You have a Master's Degree in Audiology / HIS certification with an active license with the College of Speech and Hearing Health Professionals of BC (CSHHPBC) or eligibility for licensure, as well as Certification with Speech-Language & Audiology Canada (SAC) or eligibility for certification. You have great organizational and problem-solving skills, excellent written and verbal communication and reporting skills along with the desire to work in a supportive team environment with the ability to work independently. New graduates will hone your skills and be supervised by a respected and seasoned audiologist.

### The Work:

The job will include the delivery of comprehensive hearing evaluations and recommendations including the selection and programming of digital hearing aids, dispensing and servicing devices and accessories, as well as follow up care and counseling focused on the individual and their needs. You will provide your expertise and be part of the team that will deliver information and education to individuals, families and the broader community.
