

AVENIR HEARING is seeking dynamic, energetic, and compassionate hearing professionals to join our expanding clinic business as a full time Audiologist or Hearing Instrument Specialist for our upcoming Surrey and Langley BC locations.

AVENIR HEARING is very happy to have partnered with a like minded company such as New Look Vision Group in order to expand our hearing clinic business within pre-existing retail optical locations. New Look Vision Group is a leader in the eye care industry in Canada through banners such as Iris, Vogue Optical and New Look Eyewear. We believe this partnership will have a big impact on our ambition to bring hope, health and happiness to our patients and their families affected by hearing loss.

Job Description:

The Hearing Professional will be responsible for assessing, diagnosing and administering diagnostic audiological tests to patients from all walks of life. At AVENIR HEARING we believe in educating and empowering patients and are dedicated to providing a wide range of treatment options to fit their needs and lifestyle.

The Hearing Professional will also administer, fit and program hearing aids to their patients. This individual must be positive, compassionate and have a professional attitude. The ideal team member will work well independently, as a member of the hearing health team while also creating strong working relationships with the Optical team.

Experience/Skill:

- Master's degree in audiology or certification as a hearing health professional
- Experience working directly with patients in a clinical setting
- Dedication to patient education and compassion
- Ability to work with new and emerging technologies
- Strong ability to build relationships with a high level of counselling skills

This position will offer you a gratifying work environment and a competitive compensation package which includes total professional fees and licensing coverage.

All interested candidates should forward their CV to andre.manuel@avenirhearing.ca to the attention of AVENIR HEARING BC

AVENIR HEARING is an Audiology base business which currently operates 11 Hearing Clinics in the Province of New-Brunswick and is currently expanding its clinic business through a partnership with New Look Vision Group which will offer Hearing Care services within existing NLVG Optical clinics.
