AUDIOLOGIST

Permanent | Part-Time | 0.8 EFT | Steinbach, Manitoba

Reporting to the Client Services Manager - Rehabilitation Services, the Audiologist operates with a high degree of independence as a member of a multidisciplinary Rehabilitation Team. The incumbent plans, delivers, and evaluates hearing services for the infant, preschool, school and adult populations, and in addition, provides consultative public / parent / caregiver education and training services. The Audiologist may also provide clinical supervision and training for students and provisional members and participates in the education of other health care professionals while maintaining professional accountability, judgment and reasoning with a high level of communication and collaboration.

Requirements: Masters Degree in Audiology from an accredited/recognized post-secondary institution or equivalent in addition to an active registration with the College of Audiologists & Speech-Language Pathologists of Manitoba. You are also eligible for membership with the Speech-Language & Audiology Canada (SAC).
