

An amazing opportunity to live and work in 'the coolest little capital in the world'

Lonely Planet named Wellington, New Zealand, 'the coolest little capital in the world'. While we agree, we'd probably add 'in the coolest little country in the world'. This could be your opportunity to move here.

We're looking for an **EXPERIENCED AUDIOLOGIST** to join our privately owned, four clinic, fully independent audiology practice. Being independent is something we're fiercely proud of. It means that Hearing Consultants has no ties to hearing aid manufacturers and therefore our audiologists are free to recommend the best available solution on the market for each and every client. We deliver a full range of services including diagnostic hearing assessments, hearing aid and device fitting and industrial hearing assessment using leading edge technology and the latest audiology information management systems.

We're looking for an audiology star who:

- can effectively connect and quickly put clients at ease
- has exceptional communication and interpersonal skills
- can multi-task and manage their time efficiently
- is passionate about audiology and being part of a team
- has a good grasp of modern office technologies

A full-time or part-time position is available and we can offer a generous package, ongoing professional development and the chance to work with the best and latest technologies and products including the "Lyric" hearing device.

This is your once-in-a-lifetime opportunity to make the move to a country which values nature, clean air, equality, freedom and social justice. And to a city bursting with culture, great food, wine and craft beer and outdoor adventure.

For more information about this great opportunity please email your CV and covering letter to anna@networkhr.co.nz quoting reference 2017-6.
