

St. Thomas Hearing Clinic is growing and seeking an additional skilled Audiologist or Hearing Instrument Specialist to join our team; full or part time. The primary goal at our clinic is to help patients hear the sounds that are most important to them. We treat our patients as family and are seeking a people-focused hearing healthcare practitioner to join us in providing a family level of care. Competitive industry salaries offered.

Among the services we offer to patients are:

- Testing and evaluation of peripheral and auditory processing disorders
- Dispensing and servicing hearing devices and accessories
- Counseling for hearing loss sufferers and their families
- Providing tinnitus management devices and techniques
- Hosting educational workshops and other helpful events

Our ideal candidate will have:

- 2+ years of experience (although all candidates will be considered and are encouraged to apply)
- Compassion, patience and empathy
- Cooperative spirit that builds solid relationships with our clients, staff, community and clinic
- Knowledge of current technology: hearing aids, accessories, assistive devices
- Fluency in manufacturers' programming software
- Competency in equipment maintenance, troubleshooting and performance checks
- Excellent computer skills and competency with Microsoft Office
- Thorough understanding of CASLPO or AHIP guidelines as they apply to all aspects of our profession as Audiologist or Hearing Instrument Specialist

Requirements

- Masters of Audiology or equivalent, or Hearing Instrument Specialist Designation
- Current registration/license with our provincial college (or eligibility); or AHIP association
- Eligibility to provide services to clients covered under third party funding in Ontario (e.g., WSIB, ADP, VAC)
