

SOUND ADVICE YOU CAN TRUST

Home Visit Clinician – Audiologist/Hearing Instrument Specialist

Location: Greater Toronto Area (GTA)

Who we are:

Hearing Solutions is the largest Canadian independently owned hearing healthcare provider that offers comprehensive hearing assessments, hearing aid treatment options, and assisted listening devices, to help patients connect through conversations and laughter, with their loved ones.

Our team of professionals have been proudly helping patients enjoy the world of sound and life for over 20 years and are committed to providing sound advice that our patients can trust in a warm and caring environment.

Because of this, we hire individuals based not only on their expertise, but also their passion for helping others, and who live our core values - professional, proactive, passionate, perseverance, and partnership - each and every day. We are collectively committed to improving lives in a remarkable way!

About the opportunity:

We are currently seeking a **HOME VISIT AUDIOLOGIST or HEARING INSTRUMENT SPECIALIST** to provide remote audiology services to patients across the GTA.

If you are a self-motivated, passionate and caring professional who is looking for a newly developed role that you can help build and drive success in, we would love to connect with you to share more about this unique role and why it may be right for you!

What you will do:

In this role, you will have a unique opportunity to be Hearing Solutions' first and only Clinician who is entirely dedicated to the exciting development of our home visit audiology services! As well, you will be able to learn and use the latest industry techniques and technology as you further develop this role.

As a Home Visit Audiologist/HIS, you will have the challenge of providing home visit services to our patients by offering top care and expertise for their hearing health. You will be entrusted with representing Hearing Solutions in our patients' personal space, so pandemic safety and concern for our patients' health is the number one priority. Home care services provided may include initial consultations or hearing tests, hearing aid repairs, counselling of issues or concerns, dispensing of hearing aids, and follow-up care.

What you bring:

You are a highly motivated, dynamic individual with excellent interpersonal skills. You present yourself positively and professionally every single day. You have the ability to quickly establish rapport to gain trust and credibility with patients.

- Master's Degree in Audiology (or equivalent) or HIS Certification
- Licensed by CASLPO/AHIP as well as ADP
- Strong ability to communicate with patients and counsel to their specific needs
- Receptivity and adaptability to change
- Accountability and ownership; results oriented
- Ability to work independently and as part of team
- High initiative; creative contributor
- Prioritizing, planning and organization
- Multi-tasking with disciplined time management
- Analytical; attention to detail; follow through
- Proactive customer approach; patience/listening
- Persuasive negotiating skills to influence outcomes
- Professional written & verbal communication
- Dynamic presentation skills
- Knowledgeable about WSIB, VAC, ODSP ADP and NIHB Procedures
- Sales acumen & ability to show value in customer service
- Proficiency in English - oral expression and comprehension – fluency in other languages considered an asset
- Valid license and access to a vehicle for travel within the GTA

Benefits & Compensation:

A competitive total compensation package with an attractive base salary and car/mileage allowance

Performance based bonus program

Comprehensive benefit plan including health, dental, RRSP program with company matching contributions, disability insurance, life insurance, etc.

Professional fee and licensing coverage

Succession planning and career advancement opportunities

Next Steps:
