

AUDIOLOGIST

Brampton Site

Temporary Full Time Position April 1, 2021 to March 31, 2022

ErinoakKids is seeking an Audiologist to work as part of a dynamic inter-professional team to provide evidence-based audiology diagnostic, surveillance, and habilitation services to children from birth to 6 years of age.

ErinoakKids is the lead agency for Ontario's Infant Hearing Program (IHP) in the Central West Region, which includes Halton, Peel, Waterloo, Wellington and Dufferin. The Infant Hearing Program is based on a foundation of early detection of hearing loss through universal access to universal newborn hearing screening. More than 27,000 newborns access hearing screening in the region each year. Of those, about 4 in 1,000 will be born with – or will acquire in early childhood – permanent hearing loss. Early detection of hearing loss and early intervention through access to a range of services including ongoing audiology, social work and spoken or signed language development services that are in place before the child's first birthday set the stage for optimal outcomes.

All IHP audiologists must complete training in required ABR, VRA and amplification protocols provided through the Ministry of Children and Youth Services Infant Hearing Program. Training will be provided as part of employment.

ErinoakKids is Ontario's largest Children's Treatment Centre serving nearly 17,000 children and their families each year. Audiology facilities and equipment at ErinoakKids are state of the art. Our goal is to help each child build on unique strengths and to maximize opportunities for independence, health and well-being. ErinoakKids works from a family-centred philosophy with a focus on the strengths and resilience of our clients and their families as they meet the challenges of everyday life. ErinoakKids values its community partnerships with hospitals – including SickKids and Holland Bloorview Kids Rehabilitation Hospital – school boards and other service providers.

Qualifications:

- Master's Degree in Audiology
- Minimum 1 year relevant experience preferred
- Experience working in paediatrics and with persons with special needs preferred
- Registration with the College of Audiologists and Speech-Language Pathologists of Ontario (CASLPO)
- Excellent communication skills (written and verbal) and interpersonal skills
- Ability to work effectively as part of an inter-professional team and to establish relationships with clients, families and other members of the child's care team
- Well-developed clinical skills and demonstrated thoroughness, accuracy and attention to detail, and commitment to quality improvement initiatives
- Bilingualism in French and English is an asset

Interested applicants should submit a cover letter and resume to:

Human Resources
hr@erinoakkids.ca

Please quote the job title in the subject line.

The successful candidate will be required to complete a Vulnerable Sector Screening check.

ErinoakKids will make accommodations for individuals with disabilities. Applicants need to make their needs known in advance.

ErinoakKids is an equal opportunity employer.
