

Formed in 2019, through the merger of Sivantos and Widex, WS Audiology combines over 140 years' experience in pioneering the use of technology to help people with hearing loss hear the sounds that make life wonderful. We are active in over 125 markets and employ 11,000 people worldwide. Our broad portfolio of hearing related products and services generates annual revenues of around EUR 1.7 billion.

Lifestyle Hearing Corporation is looking for individuals who are committed to delivering the highest level of hearing care and who are passionate about helping people hear better.

We are currently looking to add additional clinical positions to our growing professional team in selected communities and towns, including **Mainland – British Columbia**

Relocation assistance is available, for candidates who qualify.

We offer a dynamic flexible work environment that includes excellent support; on-going training through Professional Mentorship and CEU's as well as the technology to ensure our professionals can provide the finest quality healthcare available in the Brandon region.

Join us and you will also enjoy the benefits of:

- The latest PC-based testing equipment
- Full marketing support and a unique customized patient database management system, including medical reporting and invoicing
- Very competitive salary package with generous Profit Sharing Plan!
- Generous Relocation bursary (based on individual situation)
- Mentorship support for new/recent graduates
- Day 1 comprehensive Medical Benefits!

Qualifications we are interested in include:

- Appropriate Degree/Diploma and qualifications as an Hearing Instrument Specialist or Audiologist - experience preferred, but motivated new Graduates welcome to apply
- Board Certification or Eligible for registration.

Job Type: Full time Permanent
