This is a NSGEU Bargaining Unit position.

Start Date: ASAP

End Date: Aug 31, 2022

CLOSING DATE: OPEN UNTIL FILLED

Audiologist QEII - Dickson

Hearing and Speech Nova Scotia (HSNS) provides audiology services to Nova Scotians of all ages, and speech-language pathology services to preschool children and adults. HSNS is funded by the NS Government to deliver integrated and standardized provincial services across 35 clinical sites, located in 25 communities. Nationally certified Audiologists and Speech-Language Pathologists, with support from Communication Disorder Technicians and Administrative Support Professionals, provide core services (prevention, diagnosis, and treatment), develop and monitor provincial clinical standards, and collaborate with partners to deliver a number of special programs (e.g., Autism, Stroke, Cochlear Implant). Established in 1963, HSNS works to prevent and reduce the impact of communication disorders for Nova Scotians.

We are proud to offer:

- ✓ A nationally accredited program with Accreditation Canada
- ✓ A Province-wide support network of professional colleagues, clinical resources, and coordinated clinical services
- ✓ Varied caseloads and work settings
- ✓ Salaries (full time) commensurate with experience [starting at \$75,519], and excellent benefits package
- ✓ Continuing education opportunities
- ✓ Opportunities for relocation and clinical specialization

We are accepting applications for a **temporary, part-time (0.8 FTE) position of Audiologist**. The Home Base Site is QEII - Dickson. The successful candidate reports to the assigned Manager. Schedule to be determined.

Requirements:

- Master's Degree in Audiology
- Nova Scotia College of Audiologists & Speech-Language Pathologists (NSCASLP) licensure or eligible for licensure
- Excellent communication skills, including proficiency in written and spoken English. If English is not your first language further documents will be required.
- Recent experience with provision of adult audiological diagnostic and management procedures in acute and outpatient settings
- Recent knowledge of discipline specific best practices in screening, diagnostic and rehabilitative audiological services
- Recent experience with assessment procedures for the vestibular system
- Demonstrated commitment to family-centered care
- Flexibility in schedule to provide evening/weekend services
- 2 years' experience with balance and vestibular testing and/or VNG, Dix-Hallpike, Cervical Vemp, Ocular Vemp, Video Head Impulse Test (vHIT) and posturography
- Candidate will be required to provide proof of COVID-19 vaccination prior to start date
- Candidate will have to demonstrate current immunization and/or boosters at the end of the probationary period
- Able to start immediately

Assets:

- Experience working with transdisciplinary clinical teams and working with supportive personnel (e.g., Communication Disorders Technicians)
- Ability to provide consultation and coaching support to Audiology staff
