

We are a group of 55+ audiology clinics across Canada. We are committed to providing patient centered care and excellence in hearing healthcare. Joining our network of clinics provides opportunities to build relationships with the hearing health care professionals we employ. We believe in honesty, integrity and a belief that by truly helping patients we will secure a profitable and long future for ourselves. Many of our professional staff are not only employees but also co-owners/partners with us in the clinic they work. This provides the opportunity to invest and profit more in your clinic rather than working solely as an employee. Co-owners earn in three ways: 1) salary & benefits, 2) profit sharing 3) equity. Separate from compensation, co-ownership offers you the opportunity to come to work each day to a clinic that is yours. Our goal is to provide a dynamic and flexible work environment to promote growth. In addition to providing a high level of care, we aim to make our work environment a fun and enjoyable place to work. We also have many team members who are not co-owners. If you are looking for a salaried position only, this opportunity still applies.

We are currently seeking an Audiologist for our Port Hope/Cobourg location. The Audiologist will work within a multi-disciplinary and collaborative team and will provide diagnostic and rehabilitative services for adult and children.

Qualifications:

- Registered with the College of Audiologists and Speech Language Pathologists of Ontario (CASLPO)
- A graduate or doctorate degree in Audiology
- Experience is an asset, however, we will accept & provide mentorship to new graduates
- A desire to succeed and provide excellent patient care
- Computer skills
- Excellent verbal, written and communication skills
- Demonstrated commitment to working within a collaborative team environment

Hear Right is an equal opportunity employer and values diversity within our organization.
