

Professional & Lifestyle Opportunity

Dynamic Hearing Solutions is a well-established proudly Independent and Locally owned group of Hearing care clinics located in the beautiful and pristine Kootenay region of the Interior of British Columbia.

We are passionately committed to all of our professionals and front staff and what defines us, our patients. Our success is dependent on your happiness and pursuit of taking care of those we serve. Our brand is more than our logo, it is who we are and what we believe.

We are thrilled to be seeking an equally passionate and enthusiastic individual who shares our vision toward a balance between helping those with hearing loss and achieving personal and professional fulfillment.

Immersed in pristine BC wilderness and surrounded by lakes, rivers, hiking, skiing, and a plethora of other outdoor activities, this full-time professional dispensing opportunity is at our boutique hearing care clinic in Castlegar BC.

We are excited to offer a very competitive compensation package including base salary, health spending, pension, and other comprehensive benefits. In addition, we are offering to the successful candidate a \$5000 signing bonus and up to \$10,000 in move assistance.

The successful candidate will possess a master's degree in Audiology and/or a Diploma as a Hearing instrument Practitioner/Dispenser or Specialist from a recognized institution. Registration or eligibility for registration is required for the College of Speech and Hearing in BC. Dispensing experience is an asset but not required.

We will provide all clinical and dispensing support and expert mentorship, training, and on-going continuing education opportunities as well as a flexible work environment. A strong desire for professional and personal growth and working independently and as a partner on a fun and innovative team is a must!

To take your first step toward this exciting opportunity, please email your cover letter and resume to Brad Meulenbeld at brad@dynamichearingsolutions.ca.
