

**Audiologist Position  
Full time or Part time**

***About us***

HearWell Audiology has locations in Red Deer and Olds, Alberta. Owned by Dr. Andrew Towers, AuD, the clinics were built on best practices and patient centered care. We are the only clinic between Calgary and Edmonton that dispenses hearing aids for pediatrics, in addition to a busy adult hearing aid practice. We work closely with the local ENTs to provide diagnostic assessments.

***About Central Alberta***

Central Alberta is a low cost of living area, easily accessible to both Edmonton and Calgary (90 min from Red Deer), as well as the Rocky Mountains (Banff/Canmore/Kananaskis). The population of Red Deer exceeds 100,000 people, allowing for all city amenities, but with short commutes and affordable living.

***About you***

You are an audiologist who employs best practices, including Real Ear Measurement on all patients and strives to provide the highest quality patient care. It is preferable that you are experienced in pediatric hearing aid fitting, in addition to adult diagnostics and hearing aid fittings. You are a good communicator, able to work with a full staff including one other audiologist and one hearing aid practitioner as well as support/assistant staff. You must be eligible for registration with the Alberta College of Speech-Language Pathologists and Audiologists (ACSLPA), which requires you to have a minimum of a Master's degree in Audiology.

***About the position***

You will be remunerated commensurate with your experience and expertise. Reimbursement for registration and continuing education is offered. A desire to pursue an AuD is encouraged and supported if the candidate does not already have a doctorate. HearWell Audiology staff are not paid on commission as the focus is on high level patient care, not high pressure hearing aid sales.

***Contact:***

Please send your CV directly to [dr.towers@hearwell.ca](mailto:dr.towers@hearwell.ca)  
Only eligible candidates will be contacted.
