
ABOUT THE ROLE – CLINICAL & DISPENSING AUDIOLOGIST

We are currently seeking a compassionate and dedicated Clinical and Dispensing Audiologist to join our amazing Team! Our clinic focuses on patient-centered care and the well-being of our clientele. We are offering a relocation package, health benefits as well as a competitive salary and flexible work schedule. If you enjoy the outdoors, nature, being active and being surrounded by an amazing community, this is the lifestyle choice for you! Cost of living and housing very affordable!

RESPONSIBILITIES

- Comprehensive hearing assessments and diagnostic testing for all ages (including OAEs and dedicated protocols for cognitive and hidden hearing loss assessments)
 - For private clientele, third-party clientele
 - ENT/Audiology clinics
- Prescribe, dispense and fit hearing devices and assistive listening devices
- Perform hearing aid maintenance checks and verification
- Dispense and fit custom and non-custom earplugs (swim plugs, hearing protection, sleeping plugs, communication)
- Provide appropriate counseling and education to individuals with hearing loss (and tinnitus) and their families to reduce communication problems and facilitate adjustments to hearing loss
- Community outreach and social media

QUALIFICATIONS, SKILLS AND ABILITIES

- Strong counselling and relationship building skills
- Ability to work in a group and independently, with effective time management
- Compassionate approach to hearing health care
- Strong initiative and problem-solving skills
- Professional attitude
- Bilingualism preferable
- Master's degree in Audiology from a recognized, accredited program
- Minimum 1 year clinical experience
- Licensed by CASLPO and ADP
