

Exclusive Demo: Expanding the Scope of Practice in Audiology

Discover Starkey's groundbreaking app-based fall detection tool, designed to transform patient care. With falls being the second most common chronic condition in those 65+ and individuals with mild hearing loss at a 3x higher risk, this breakthrough technology offers a new approach to safeguarding patient well-being.

Don't miss this opportunity to explore the intersection of hearing health and fall detection. Join us for a live demonstration of Starkey's latest health and safety features.

Empower your practice. Enhance patient safety. Experience the future of audiology.

Join us in the dedicated Product Demo Space during the Industry Hall on **Tuesday, October 8th.**

Two demo sessions available: **1:00 PM and 1:30 PM.**

Hear better. Live better.
