

Elgin Audiology is seeking an Audiologist to join our practice within our clinics in South-western Ontario. We are an independently owned and established audiology practice with multiple clinic locations. Our entire professional team strives to provide optimal care in a warm, honest and friendly clinical environment. We provide full diagnostic audiological assessments for children and adults, rehabilitation, full hearing aid prescription and dispensing services, auditory processing assessments, ABR and VRA, as well as tinnitus, balance and dizziness evaluations for all age groups. We are a regional provider for the Ontario Ministry's Infant Hearing Program and this position can be pediatric in focus if preferred.

Requirements:

- CASLPO registered Audiologist eligibility
- Experience with hearing aid prescription and dispensing preferred

Benefits:

- Competitive Salary and Benefits based on experience
- Excellent work Environment
- Flexible hours with work-life balance (Monday – Friday) & no monthly quotas

Please consider applying for this position if you want to make excellent patient care your priority.

We appreciate all applications, but only individuals contacted will be offered an interview.

Elgin Audiology welcomes and encourages applications from people with disabilities. Accommodations are available on request for candidates taking part in the selection process. Elgin Audiology is an equal opportunity employer.

Job Types: Full-time, Part-time, Permanent
