

Title: Audiologist **Employment Status:** Full time or part time.

Location: This position is based out of our Westshore (Victoria) location

Job Summary

You will provide professional audiology services, including cerumen management, assessments, tinnitus consultations and dispensing hearing aids from multiple manufacturers. If you are looking for a great team to work with, to showcase your skills and expertise so you can help more patients, we would love to hear from you.

Qualifications

- Master's degree or an AuD from an accredited university program
- Registered (or eligible to be registered) as an Audiologist and Hearing Instrument Practitioner with BC's College of Health and Care Professionals
- Certificate C in Cerumen Management (or eligibility to obtain). At least 2 years of experience selecting and fitting hearing aids.

Compensation and Benefits

Salary Range: \$90,000-\$130,000 per year, depending on experience and qualifications. Benefits include paid College registration fees, 3 weeks vacation and a generous Health Spending Account. Equity and ownership opportunity is a possibility for the right person who can prove themselves.

About Resonance

Resonance aims to make a positive difference in the lives of our patients, employees and in our communities. We're owner operated, independent and have served Vancouver Island for the past 16 years from 5 locations. "I am committed to building practices that feel great to work in, where people care for each other, look after each other, and work for each other." Terence Miranda, AuD, Founder and President
