

Audiologist

Location: Medicine Hat, Alberta

Requisition #: ALB00523526

Salary Range: \$43.38 - \$57.63 per hour

Job Type: Temporary Full Time

Your Opportunity:

Southern Alberta has plenty to offer and will provide you with great memories, all within and surrounding the spectacular sunniest city in Canada. Medicine Hat! The Hat is nestled by the beautiful coulees and winding river. You will have the chance to explore the Cypress Hills, Red Rock Coulee, Dinosaur Provincial Park, Waterton & Rocky Mountains.

Southeast Alberta offers beautiful scenery, relaxing spaces, and days full of adventure given extensive hiking, walking and mountain biking trails. We boast Alberta's longest golfing season. A few sporting events include Medicine Hat Tigers Hockey, Mavericks Baseball, Gas City Roller Derby, Medicine Hat College Rattlers, Inland Skateboarding, recreational pickleball, volleyball and much more.

Medicine Hat continues to cultivate an amazing food scene. Whether you're looking for a classic restaurant, something quick to go with your morning coffee, or a top-notch meal to help mark a special occasion, this wonderful city has you covered!

The Medicine Hat Regional Hospital audiology department is proud to have achieved exceptionally high results in work satisfaction and safety. The team includes one full-time audiologist and one casual audiologist who can support and mentor you in this position. The team manager's door is open and very available and supportive of our Audiology, Speech Language Pathology, and Children's Allied Health teams. The audiology department was also recently renovated in the winter of 2025 and provides a modern and welcoming work environment.

We have a provincial Audiology director who supports Audiology practice at Alberta Health Services along with experienced Audiology colleagues with whom to collaborate and access for mentorship. There is training for audiologists as more than half our caseload is pediatrics.

In addition, we offer a comprehensive benefits package designed to enhance the health and well-being of our employees and their family's encompassing health, dental, vision, disability, and lifestyle considerations among many more other benefits. Please call Tricia at 403 528 8141 with any questions!

Start date is negotiable as well.

Description:

As an Audiologist, you will be working both independently and as part of an interdisciplinary team, where you will be responsible for the screening, identification, assessment and management of patients (clients) presenting with hearing and balance (vestibular) disorders. Your leadership and interpersonal skills will be important to you in supervising students and providing clinical guidance to other staff as appropriate. You will use your clinical expertise to inform program development and planning. You will interpret findings, provide counselling regarding hearing loss and balance dysfunction, and establish appropriate intervention plans to manage and reduce the functional impact of hearing loss. You will provide patients, their families and other professionals with information and recommendations; making referrals to other agencies and professionals as required.

Required Qualifications:

Master's degree in Audiology. Active or eligible registration with the Alberta College of Speech-Language Pathologists and Audiologists (ACSLPA).

Preferred Qualifications:

Experience is preferred but not required
