

Audiologist – Toronto Hearing Health Clinic

Who We Are

Toronto Hearing Health Clinic is a vibrant, independently owned audiology clinic located in midtown Toronto, dedicated to delivering exceptional, patient-centred hearing care.

Our clinic provides a comprehensive range of services including hearing assessments for adults and children, hearing aid evaluations and fittings with real-ear verification, cognitive screening, CAPD testing, cerumen management, and custom hearing protection such as sleep, swim, musician, and noise plugs.

We take a **consultative, relationship-based approach to treatment**, focusing not only on clinical excellence but also on creating a welcoming and supportive environment for every patient. Our goal is to deliver an experience that is **tailored to each patient's unique hearing and communication needs**, with exceptional customer service at the forefront of every interaction.

As a growing clinic, we are looking for an **Audiologist who is passionate about patient care and clinical excellence.**

Who We're Looking For:

We are seeking an **Audiologist** who is committed to providing exceptional clinical care and an outstanding patient experience.

Customer excellence is essential. The ideal candidate will excel at building strong patient relationships and delivering evidence-based hearing care.

A strong understanding of the relationship between **hearing loss, cognition, and overall health** is important, as well as feeling comfortable discussing the broader health impacts of untreated hearing loss with patients.

We are also looking for a clinician who is **confident presenting treatment recommendations and guiding patients through their hearing care journey**, with the ability to communicate the value of hearing solutions in a thoughtful, consultative manner.

A **responsible and dependable clinician who values punctuality and understands the importance of being present and prepared for scheduled clinical appointments** is essential.

Responsibilities

- Conduct comprehensive audiological assessments for adult and pediatric patients
- Perform hearing aid evaluations, fittings, and verification using best-practice protocols
- Provide strong counselling and education regarding hearing loss, tinnitus, and communication strategies

Toronto Hearing Health Clinic

L101-418 Eglinton Ave West,
