

Audiologist and Clinic Manager

Central London, United Kingdom

If you are looking for a refreshing change from working as a conventional Audiologist and would like to use your entrepreneurial, organisational and interpersonal skills to manage and grow a well-established private ENT and audiology clinic, then this job is for you.

This is a unique opportunity for an Audiologist wishing to further their career with Clinic Management and Business Development exposure. We are looking for a dynamic, enthusiastic hard-working individual who can rise to the challenges of running a private clinical practice and develop Audiology, ENT and Allergy services.

About us:

ent4kids is a leading ENT practice based in central London that has been in existence for over 20 years. All our consultants hold (or have held) London Teaching Hospital positions. With our current complement of ENT surgeons we host over 2500 consultations a year and this is expected to grow as we expand our ENT consultant base (currently 5 surgeons).

The role

1. Providing audiology support for ENT clinics (both Paediatric and Adult),
2. Hearing aid dispensing and bone conduction softband fittings
3. Swim and noise plug fittings
4. Clinic management including administration, finance, strategic and business planning as well as maintaining close contact with patients.

Desired skills and experience:

1. BSc or equivalent in Audiology
2. Minimum 2 years Paediatric Audiology experience
3. Hearing aid fitting experience
4. Evidence of Project planning, business or innovation

What we will want from you:

1. Sunny disposition, adaptability, hardworking and ability to work under pressure
2. To be at ease and comfortable working with children and their parents
3. An eye for detail with impeccable organizational skills
4. Initiative, to be able to think outside the box
5. Good people manager
6. Comfortable with dealing with office IT issues
7. Right to work in the UK, Youth mobility visa acceptable

What you will get:

1. An exciting and varied career post combining Audiology with management and business
2. Exposure to the private healthcare industry
3. Profit share in hearing dispensing service
4. The opportunity to set up an Audiologist led microsuction clinic
5. To work in a state of the art, modern clinic environment in central London
6. A generous salary, an opportunity to shape and develop excellent clinical services, being part of a great team and enormous job satisfaction are on offer if you can add to our success to date.

Salary:

50-60K base salary per annum depending on experience.

Additional profit share from hearing aid dispensing.

Private medical insurance
