

Audiologist– Ottawa (Manotick), ON

Hearing Freedom - Clinique de Solutions Auditives is looking for an Audiologist to join their amazing team!

Whether you are looking for a Temporary contract, Casual work, a permanent Part-Time or permanent Full-Time position, if you are looking to work as a dispensing Audiologist in an independent setting with excellent work culture, Hearing Freedom may be a perfect fit for you.

As one of Ottawa's few Independent dispensing clinics, Hearing Freedom offers the rare opportunity to practice hearing healthcare without limitations and without quotas. Since 2001, its Audiologists have enjoyed working in a flexible and friendly environment where patient needs always come first and where their professional judgment of all hearing aid and ALD makes & models is exercised. At Hearing Freedom, professionals enjoy working with autonomy as well as part of a team. For all clinicians, dispensing clinic hours are regularly offset with ENT support clinics and community outreach efforts.

The ideal candidate has at least 2 years of experience dispensing diverse products. The successful candidate will have a Master's or Doctorate degree in Audiology and be registered and in good standing with CASLPO. A vehicle and a valid driver's license with appropriate insurance are required. Applicants should apply evidence-based practices for both their assessments and rehabilitative work and have strong interpersonal skills, be flexible, enthusiastic, motivated, hardworking and driven. Bilingualism (French and English) is favored but not necessary.

If the above describes you and your interests, please email your resume in PDF format to Rosanne McNamee at rlaudio@hotmail.com.

What are you waiting for? Take your first step towards your long, happy and fulfilling career at Hearing Freedom - Clinique de Solutions Auditives!
